ANSHUL KAHAR - FULL STACK DEVELOPER

 LinkedIn | ☐ +91 7020004857 | Portfolio | ✉anshulkahar2211@gmail.com | GitHub

Experience

Groww - Software Developer Intern   08/2025 -Present
Onsite, Bengaluru

- Working as a React Native Developer in the App Platform Team
- Fixing bugs and improved UI/UX on the groww's UI component library and groww invest app.

Stealth Startup - Software Developer   08/2024 -06/2025
Remote

- Led **React Native performance optimization**, improving app startup time, UI responsiveness, and reducing memory usage; successfully published apps to **App Store & Play Store**.
- Designed and developed the **backend in Node.js/ExpressJS**, including **API architecture, database schema design, Redis caching, query optimization, connection pooling, and async processing** for scalability.

BuildEnfra - Software Developer Intern   08/2024 -06/2025
Hybrid- Hyderabad **[Web Link] [App Link]**

- Optimized full-stack app by improving frontend performance (React memoization, lazy loading, code splitting) and backend scalability (Redis caching, query optimization, connection pooling, async processing in ExpressJS).
- **Delivered products** including a published React Native app (iOS & Android) and an AI-powered procurement analytics chatbot providing cost/time-saving insights.

Ortelo - Full Stack Developer   06/2024-07/2024
Remote - Bangalore - **[Web Link]**

- Developed a job platform using React.js for a dynamic, responsive user interface. Collaborated closely with designers and back-end developers to deliver a cohesive and scalable solution. Leveraged **tRPC** for seamless, **type-safe API** integration.

MavySoft - Full Stack Web Developer Intern   01/2024 - 04/2024
Remote

- Developed a marketplace platform for cryptocurrencies using **React, Redux, and Node.js**, enabling users to manually create buy and sell offers. Migrated the codebase from **JavaScript to TypeScript**, improving code maintainability and type safety.

Projects

CodeUI.ai - Generate and Preview UIs - [Code] [Preview]

- An **AI-powered** web app that instantly generates and previews user interfaces. Simply input your design requirements, and the app uses AI to create responsive UI elements.
  Tech Stacks - NextJS, Typescript, PostgreSQL, Docker

Codefox.ai - Ask anything about any github repo - [Code]

- CodeFox AI is an intelligent code review assistant that helps developers streamline the pull request (PR) review process. Leveraging AI-powered analysis, it provides automated feedback, detects potential issues, and suggests improvements.
  Tech Stacks - NextJS, Typescript, PostgreSQL, Vector Database

AI Repo - Ask anything about any github repo - [Code] [Preview]

- An AI tool that lets you analyze any GitHub repository by simply entering its URL. Ask questions about the code, architecture, dependencies, or functionality, and get instant insights. Perfect for developers, researchers, and teams
  Tech Stacks - NextJS, Typescript, PostgreSQL, Vector Database

Education

Bachelor of Engineering	**Savitribai Phule Pune University**	*Pune, India*	**2022 - 2026**
